Subject: Amended Notice of Intention to Commence Small Mining Operations,
Rock-It Stone Works, Strawberry River Quarry, S/013/008, Duchesne
County, Utah

Dear Mr. Peatross:

Thank you for sending supplemental information to amend your Notice of Intention to Commence Small Mining Operations (NOI) for the Strawberry River Quarry. The information you submitted helps explain your intentions for future mining and reclamation operations at your mine.

The Division's primary concern about this site is whether you have right of entry for the areas being mined. Your original NOI shows all operations being conducted in the SE $\frac{1}{4}$ of Section 16, Township 4 South, Range 7 West, USM, which is owned by Bob Pinder (both surface and minerals). The map I created as part of the March 31, 2004, inspection shows operations extending into the NE $\frac{1}{4}$ and the SW $\frac{1}{4}$ of this section. I do not know who owns surface or mineral rights in the NE $\frac{1}{4}$, but, according to your NOI, land in the SW $\frac{1}{4}$ is owned by Myrin Ranch, Inc.

With this letter, I am including copies of the first two pages of your NOI together with blank copies of these same pages from the MR-SMO form. Would you please fill out either form with the appropriate surface and mineral owner information and return it to us.

Mr. Shannon Peatross

Please give us instructions about what map to use. If you desire, the Division can use the GPS map I made to show your new mine area, but this map will be outdated if the area is expanded at all. If you will be expanding or changing the disturbed area compared to the GPS map, you will need to supply a new map showing your disturbance area.

I would like to take care of these problems as soon as possible, so please submit the information required in this letter by May 14, 2004. Thank you for your cooperation. Please call me at 801-538-5261 if you have any questions about this letter.

Sincerely,
